DISADVANTAGED BUSINESS REQUIREMENTS

DISADVANTAGED BUSINESS REQUIREMENTS

It is United States Environmental Protection Agency (EPA) policy that recipients of EPA financial assistance award a fair share of contracts/procurements to Minority Business Enterprises (MBE), Women owned Business Enterprises (WBE) and Small Business Concerns (SBE). Because each is a separate entity, the objective is to assure that each of these three business entities is given the opportunity to participate in the procurement process.

1. **Fair Share Goals:** The United States Environmental Protection Agency, after negotiation with the State of Arizona, has established the Fair Share Goals given below for the percentage of federal monies to be spent in procurements from MBEs and WBEs. No Fair Share Goals have been established for SBEs.

| | Construction | Equipment | Services | Supplies |
|-----|--------------|-----------|----------|----------|
| MBE | 8% | 9% | 14% | 11% |
| WBE | 10% | 12% | 19% | 15% |

2. **Six Affirmative Steps:** If Contractors propose to use subcontractors to perform work under the Contract, Contractors are required to use the Six Affirmative Steps listed below in recruiting subcontractors.
 - a. Include qualified SBEs, MBEs, and WBEs on solicitation lists;
 - b. Assure that SBEs, MBEs, and WBEs are solicited whenever they are potential sources;
 - c. Divide total requirements, when economically feasible, into small tasks or quantities to permit maximum participation of SBEs, MBEs, and WBEs;
 - d. Establish delivery schedules, where the requirements of the work permit, which will encourage participation by SBEs, MBEs, and WBEs;
 - e. Use the services and assistance of the Small Business Administration and the Minority Business Development Agency, U.S. Department of Commerce, as appropriate; and
 - f. Require subcontractors to take the affirmative steps in paragraphs (1) through (5).

EPA's experience is that prime contractors have been and should be able to meet fair share objectives through effective race/gender neutral outreach and recruitment of MBEs, and EPA's primary emphasis will continue to be to expand MBE/WBE participation primarily through race/gender neutral methods such as the Six Affirmative Steps.

ADEQ or EPA may require contractors that do not meet applicable Fair Share Goals in their subcontract procurements to document efforts made to implement the Six Affirmative Steps.

The Minority Business Development Agency (MBDA) and the Small Business Administration (SBA) both have Internet websites that provide lists of MBE/WBE/SBE businesses and/or methods of contacting these suppliers.

MBDA Website: <http://www.mbda.gov> - SBA Pro-Net Website: <http://pro-net.sba.gov>

MBDA and SBA can be also be contacted at their offices in the Phoenix area or at any of their other locations throughout the United States.

3. **Reporting:** Contractors must complete the MBE/WBE/SBE Utilization Report form for each Federal fiscal year (October to September) for the duration of the Contract. The report is due October 15 of each year or 30 days after the end of the Contract term, whichever is sooner.
4. **Additional Requirements:** Contractors shall include the Fair Share Goals above in their bid documents for subcontracts. Contractor shall not use any race or gender conscious methods of recruiting MBEs or WBEs.
5. **Definitions:**

Construction means: construction, alteration, repair (including dredging, excavating and painting) of buildings, structures or other real property. For purposes of the definition, the terms "buildings, structures or other real property" include but are not limited to improvements of all types, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, cemeteries, pumping stations, railways, airport facilities, terminals, docks, piers, wharves, ways lighthouses, buoys, jetties, breakwaters, levees, canals and channels. Construction does not include the manufacture, production, furnishing, construction, alteration, repair, processing or assembling of vessels, aircraft or other kinds of personal property. See FAR Part 36.

Equipment means: tangible, non-expendable, personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit" See 40 CFR 31.3.

Minority owned Business Enterprise (MBE) means a business concern that is (1) at least 51 percent owned by one or more minority individuals, or, in the case of a publicly owned business, at least 51 percent of the stock is owned by one or more minority individuals; and (2) whose daily business operations are managed and directed by one or more of the minority owners. (con't on page 3)

There is no standard definition of minority individuals used by all Federal financial assistance regimes. However, recipients shall presume that minority individuals include Black Americans, Hispanic Americans, Native Americans, Asian Pacific Americans, or other groups whose members are found to be disadvantaged by the Small Business Act or by the Secretary of Commerce under Section 5 of Executive Order 11625. More information can be found in EPA's "Guidance for Utilization of Small, Minority and Women's business Enterprises in Procurement under Assistance Agreements," which may be found on the Internet at:

<http://www.epa.gov/osdbu> or you may contact ADEQ for information on obtaining it. When reporting on MBE participation, contractors may rely on the MBE certification of a firm by any government entity or a firm's certification of itself as MBE.

EXHIBIT B
DISADVANTAGED BUSINESS REQUIREMENTS

DISADVANTAGED BUSINESS REQUIREMENTS

Procurement means: the acquisition through order, purchase, lease or barter of supplies, equipment, construction or services needed to accomplish Federal assistance agreement.

Services: The EPA defines services as per the Federal Acquisition Regulation's definition of "service contract." A "service contract" is "a contract that directly engages the time and effort of a contractor whose primary purpose is to perform an identifiable task rather than to furnish an end item of supply. . . ." See FAR Part 37.

Small Business Concern (SBE) means: Any business entity, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria and size standards set forth in 13 CFR Part 121.

Supplies means all personal property other than "equipment." See 40 CFR 31.3.

Women owned Business Enterprise (WBE) means a business concern that is (1) at least 51 percent owned by one or more women, or, in the case of a publicly owned business, at least 51 percent of the stock is owned by one or women; and, (2) whose daily business operations are managed and directed by one or more of the women owners. When reporting on WBE participation, contractors may rely on the WBE certification of a firm by any government entity or a firm's certification of itself as WBE.

6. Calculating Percentages: A subcontractor cannot be listed fully under all three categories. For example, if a WBE business is also a MBE and a SBE, that business's participation cannot be applied fully to the MBE, WBE and SBE percentages. Either allocate the total percentage among the three or apply that business's percentage fully to one of the categories of your choosing. The same rule applies to businesses qualifying as two of the three categories (i.e. MBE + WBE or MBE + SBE or WBE + SBE).

If a portion of the prime contract/grant is ineligible for ADEQ/EPA funding participation (this includes matching funds) and some of all that ineligible work is performed by an MBE, SBE and/or WBE, such work can be included in the percentage of participation. For example, \$2,400 ineligible project related work performed by an MBE under a prime contract ELIGIBLE amount of \$80,000 results in 3% participation.
